Hello I am Tina!

Listening with Empathy | to understand the core needs of users and business.

Logical mind | to analyze the overall layout and context.

Design thinking | to solve problem creatively and strategically.

WORK EXPERIENCE

Personal Studio | UI/UX Designer, Product Manager

Taipei, Taiwan / Jul 2021 - Present

- Provide UI/UX Design solutions, product development and management, supply chain purchase related assistance.

Trend Micro Inc. | UI/UX Designer

Taipei, Taiwan / Jul 2019 - Jun 2021

- **Communication and Coordination** | Closely discussed product plans and user experience processes with marketing, development, customer service and other teams, and used design methods and data analysis to quickly put forward feasible design proposals to promote the projects.
- **User Research** | Created the product research plans, assisted researchers by making prototypes, analyzing user behaviors and conversations, and later enhanced the products based on research results.

Pou Chen Corporation | UI/UX Designer

Taoyuan, Taiwan / Oct 2018 - Jun 2019

- **Lecturing UI/UX Courses** | Promoted the "UI/UX Introduction" and helped the team effectively practice UI/UX at work by conducting physical courses for 30+ people, recording online courses in both Chinese and English, and providing the design consulting services.
- **UI/UX Design** | Responsible for planning the interactive process optimization and providing the friendly user interface and product experiences.

J-Reach Co. Ltd | UI/UX Designer

Taipei, Taiwan / Dec 2016 - Mar 2018

- **Recruitment/Training/Management** | Recruited and trained interns for the design team, and planned a series of monthly team building activities.
- **UI/UX Design** | Redesigned the company's website. Created branding materials used in print, video and web assets. Assisted in planning, designing and analyzing user research findings in user surveys, user testings, and focus groups.
- **Computex Taipei 2017** | Designed the visual space of the company's booth and assisted as a customer service representative in brand and product concept introduction.

INTERNSHIP EXPERIENCE

Loopp Media Inc. | (Intern) Graphic & Web Designer

Richmond, BC, Canada / Feb 2016 - Jun 2016

- Worked directly with small business clients, helping them design their various platforms to express their values as a brand and company. Completed cases including developing brand identities, marketing design solutions, web development and optimizing interaction flows.

Enel X (Enernoc/Pulse Ennergy) | (Intern) Mobile UI Designer

Vancouver, BC, Canada / Sept 2014 - Apr 2015

- Re-designed an energy-saving dashboard specifically for university/college clients. I created series of clean prototypes and pitched the project to the management team, successfully bringing the product to the next development stage.
